Minutes

1. Attendance and Welcome 10am

2. Approval Items

2.1 February 11th Agenda – approved by consensus

2.2 Previous Minutes December 16th 2015 – approved by consensus

Action Items Update –

Cellular coverage survey has been completed and tender is being prepared.

Mark meeting with Progressive to find out what can be done for composting across campus.

There is a hope to move toward a more mixed recycling program. Currently focussing on commercial food waste operations and then public receptacles.

3. Items

3.1 Atrium Flags – The SUS would like to hang flags from each country of where students are from at UFV and hang them in the atrium.

Action Item: Thomas to touch base with Mark to determine mounting.

3.2 Painting advisory hallway – UFV would like to brand the external wall facing out into the atrium so students can find Advising Department a little more easily. SUS requested if when painting the wall any new paint colour could be extended to cover current lime colour surrounding elevator. UFV will review the wall space and consider painting the suggested area. Building directory signage at front entrance was also inquired about as it had been planned prior.

Action Item: Mark will look into where the principal building directory is and have one installed where current empty signage has been mounted.
