## HEALTH & DENTAL FEE

Money collected is restricted for use in the health and dental program, and cannot be used in any other area. Funds remitted to the health and dental broker, Student Care, and expenses are directly tied to the number of participants in the plan. A small portion of the monies collected remains in a Health and Dental Reserve fund to cover future deficiencies in the plan funding, which does occur on occasion. The Health and Dental Management Subsidy (line 5) is paid by Student Care to us to handle a portion of the management and student support involved in the program.

## SHUTTLE BUS FEE

The SUS collects a fee of \$27.23 (adjustable for inflation) to fund the Campus Connector shuttle bus program, linking Abbotsford, Chilliwack, and Langley. UFV also contributes a fixed amount to this fund. Money collected is restricted for use in the shuttle program and cannot be used in any other area. Most of the funds directly cover the costs of operating the shuttle, while small portions will be used for associated costs, such as bus shelters.

## STUDENT UNION BUILDING FEE

The SUS collects a fee of \$35/semester for the Student Union Building (SUB) Fund. With the SUB now complete, the single biggest expense in this fund is the \$10million 25-year mortgage on the building, with the fund also covering the operating costs, including utilities, janitorial, staffing, and other areas.

## U-PASS FEE

The SUS collects a fee of \$43.13/semester (adjustable for inflation) to operate the u-pass program for students. All monies collected under the u-pass program are restricted for use within the u-pass program, and cannot be used in any other area. The program includes unlimited access of the transit system in the eastern Fraser valley, unlimited access to recreation centres in Abbotsford, Chilliwack, and Mission, and a variety of discounts and local restaurants and businesses. Expenses are directly tied to revenues, with a small allocation to remain in a u-pass reserve to cover any extraordinary expenses which may occur within the program. UFV pays sus a subsidy to support the management and administration of this program.
