

Dear fellow students

My name is Alec Zinman I am currently enrolled in the general studies diploma but plan on getting my BA with minors in Theatre and Applied Ethical Political Philosophy. I am currently the secretary of the Pen and Paper Tabletop and a regular face working with Student Life. I am running for the role of Vice President Students.

As someone who spends most of their days living in the student union building, either managing club activities or socializing with fellow student during events, I've personally seen what the Student Union Society is capable of. With the right resources and planning, SUS is capable of amazing things. I was hands-on in the planning and running of the

Winterfunderland charity event which successfully rose over 4000\$ in donations that went directly back to students. I want to continue to provide my support in helping SUS achieve great things, which is why I am running to be your new Vice Presidents Students.

VPS is a newly introduced position, with many of its responsibilities focusing on the programming that happens on campus, and to be one of the main advocates of student interests. I believe my previous experiences working with SUS and with the Student Life will help provide me with insight on how to help aid SUS to best provided for its students.

As an out and proud Transgender, I hope to work hand in hand with both the Pride Center and the Gender Equality Center. I hope to see these centres thrive and as VPS I would work to help these centres achieve their goals and accommodate their needs.

Thanks for taking the time to read my candidate statement and please consider giving me your vote during the voting period from April 9th – 12th.
