# ABOUT ME

Hello and Ey Swaye!

My name is Bailee Jacques and I use she/her/hers pronouns. I am currently a fourth year Social Work student at UFV. I am running for VP Students because I am passionate about **amplifying student voices** to ensure they are heard. I am committed to learning ways in which I can strengthen my **allyship with various communities**, and I'm open for all new **learning opportunities**.

Throughout my time at UFV I have had the privilege to grow, learn, and work alongside various groups of students. I have been involved in advocacy, community-building initiatives, mentorships programs, and have spent a lot of time volunteering and working one-on-one with members of our school community.

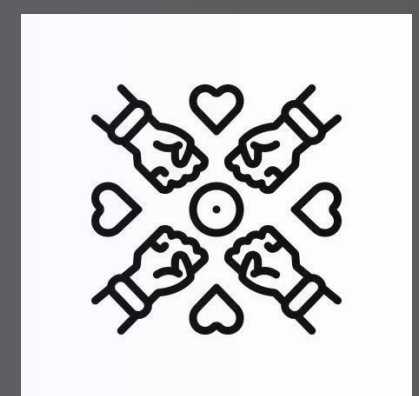

I strongly believe that from my experiences both as a student and as a staff member at UFV, I will be able to effectively provide a unified voice for all students.

When I am not on campus you can find me spending time with those close to me, working alongside the Seabird Island Band as a Recovery Home Support Worker, at the river, or binge-watching a good Netflix show!
