

Candidate Statement

My name is Ishika Sethi and I am a third-year Bachelors of Science student at UFV. Having a strong passion for leadership, I would like to represent the student population and serve as a voice for their concerns. As a member of the board, I will advocate for reduced student fees to reduce the financial burden that comes with post-secondary education and make decisions to serve the best interest of students. To bring life back to campus, post-pandemic and to help bring students of diverse backgrounds together, I will work with the SUS and coordinate initiatives with the community to introduce more clubs and events on campus. I will strive to bring unique ideas to the board to enhance the university experience for all students at UFV.
