

Alec Zinman

UFV SUS College of Arts Representative 2020

My name is Alec Zinman, and I am running for the College of Arts representative. I am a Bachelor of Arts student working towards a Philosophy Major and a Criminal Justice minor. This will be my 5th year here at the University of the Fraser Valley. I have always striven to increase engagement on campus and to move away from our reputation as a commuter campus.

Why am I running? I am running because I hope to strengthen the bonds between UFV and the Student Union. By increasing collaboration and utilizing their resources, I believe that all students would benefit. Through stronger communications between both organizations, resources would be better managed, and there would be stronger unity in the programming offered to students.

What qualifies me for the student rep? I have been an active member of the UFV community since I began here in 2016. I have always taken part in many different forms of engagement on campus. I am an active member on campus, as president of the Pen and Paper Tabletop Club, and as an employee of UFV's Student Life Department. Through these experiences I have gained a lot of knowledge and insight from my peers here at ufv. I hope to utilize this knowledge to provide a voice for students, and to help guide the Student Union Society into the future.
