

**BG****BALKARN SINGH GILL****STUDENT REPRESENTATIVE-AT-LARGE**

MY BACKGROUND

I was born and raised in Abbotsford, BC. I have always been interested in sciences and everything to do with it. Aside from this, I enjoy playing basketball, watching soccer, spending time with my family.

WHO AM I?

My name is Balkarn. I am a second-year student here at the University of the Fraser Valley. I am in the Bachelor of Science program, and I am planning to major in Biology. I have learned much about the UFV community from my first year and so that is why I have taken up this opportunity. Experiencing first-hand the student life at UFV, has allowed me to be confident enough to bring forward any ideas to improve it.

MY MISSION

- Be the voice for all the students at UFV and bring forward ideas
- Communicate effectively and be willing to help
- Make the right decisions for all individuals

WHY ME?

I understand the role that the Board of Directors have to play. I myself was a part of grad council in high school. I understand the difficulty and importance of making decisions on the behalf of many students, knowing that there are consequences if I do not fulfill my duties. I am familiar with the duties this role has to offer and with my past experience and skills/goals, I believe I will be able to perform my job with honesty and integrity. I am easy to approach and I believe that I can bring new ideas for the students at UFV that will help benefit the student life.

**Vote BALKARN SINGH GILL for the
Student Representative-at-Large Position
from October 16-18**
