

# ***Candidate Statement for “Student Representative at Large” Position:***

Dear Members of the Student Union Society,

I am Jaskirat Singh Parmar, an international student from Chandigarh, India, currently pursuing an Associate of Arts Degree at UFV. It is with great honour that I seek to be re-elected as a Student Representative at Large, aiming to be a strong advocate for the diverse needs of the student body on the SUS Board of Directors.

## **Objective for Running:**

The primary reason I am running for this esteemed position is to amplify the voices of our diverse student body. I aim to create a platform where every student feels represented and empowered. Our university is a rich mixture of cultures, opinions, and ideas, and it is crucial that this diversity is not only recognized but also celebrated.

## **Personal Qualities:**

One of the core attributes that I bring to this role is my accepting nature. I have always been open to understanding different perspectives and am highly adaptable to new ideas and changes. I firmly believe that acceptance is the foundation of unity, and unity is essential for the strength and health of any community.

## **Commitments:**

If re-elected, my focus will be on:

- Advocating for the board to prioritize mental health, ensuring that the student body is informed about the resources available to them for support and well-being.
- Collaborating closely with faculty and administration to address student concerns in an effective manner.
- Ensuring all student concerns, including those related to campus life and policies, are heard and addressed, reinforcing UFV's commitment to an inclusive and responsive educational environment.

I am committed to serving the student body and acting as a link between students, faculty, and administration. I am excited about the possibility of contributing to our community in a meaningful way.

Thank you for considering my candidacy. I look forward to the opportunity to serve you all again.

Sincerely,  
Jaskirat Singh Parmar  
Student ID: 300206949
