

ELECT JOSIAH HANSEN

Creating change together

Candidate's Statement

Hi everyone! My name is Josiah Hansen and I'm seeking to be elected as Vice President External of the Student Union. I'm a third-year Political Science student looking to increase my involvement on campus in a meaningful capacity. My Political Science background along with a term as Secretary of UFV's Political Science Students Association and my connections within various communities at school gives me the necessary background to represent UFV publicly and be one of the voices for its students.

Administrative Priorities

**Showcase UFV's prowess as an
academic institution**

UFV's reputation as a starter, commuter school does not match its current prowess as an academic institution. As a liaison to other University committees, I will aim to increase UFV's reputation as a school students from Maple Ridge to Agassiz are proud to attend.

Administrative Priorities

**Increase transparency about
the Executives' roles and
activities**

The Student Union Executive is very active inside and outside the UFV community. I believe that not enough students are aware of what the Executive does and why they do it. If more students are made aware of what the Executive does, it would encourage more people to get involved in the future, which is good for the health of the school.
