# ABOUT ME:

Hello!

My name is **Lauren Onderwater**. I use she/her pronouns and I am a third year student at UFV majoring in Political Science and minoring in English. For about a year, I have served as President on the Political Science Students' Association where we have planned student events and brought politicians to campus. I have had to work alongside the UFV Student Union Society as both president of the PSSA and as a student of UFV. Through my experiences with SUS I have seen firsthand the shortcomings of the organization and would like to make some necessary changes as your **Student Union President**.

When I am not studying or planning events for the PSSA, I am an avid concert goer and vinyl record collector. I love to hang out with my friends and go to local community events, particularly music events, with them.

# MY GOALS AS PRESIDENT:

**1**

Create better communication between clubs and a less complicated event approval system.

**2**

Increase Chilliwack campus involvement and create a UPASS agreement with the City of Chilliwack.

**3**

Foster more transparency between the Student Union Society and the UFV student body.

**4**

Establish more student job opportunities on campus and support in getting jobs after graduation.

**5**

Make campus dining options more affordable and accessible during the afternoons/evenings to students.
