

You mattered and I will do everything in my power that you are treated fairly. I am Moninder Grewal and I will fight for you. I am a Global Development Studies student here in the University of The Fraser Valley, and I am excited to announce my candidacy for the SUS Student Representative At-Large. I believe it is important that the students are represented equally because they deserve to be respected and get action on any issues, they considered to be important. If I become a SUS College of Arts Representative, I will make sure that each student gets equal representation. I will put an emphasis on engaging with students and with student clubs to make UFV a better place for all.
