Candidate Statement:

I aspire to manage academic matters to help all UFV students. I am interested in becoming a Collage of Arts Representative to become a voice for students at UFV. I wish to take an active role for the best interests for UFV students. I also plan on promoting and advising UFV College of Arts students about the various scholarships available. This would allow Collage of Arts students to be aware of the opportunities where they can be rewarded for their academic excellence. Overall, I hope to make a positive impact for students at UFV and to continue to make a difference for the better.
